

ROLA-TRAC IBERICA

ATT Francisco Norman A. Mori

Dear Mr. Norman

Please use this letter as reference for your excellent products ROLA-TRAC, SUPA-TRAC, I-TRAC AND ALLITRAX/ALUROAD for temporary covering over grass which we have used at our stadium the Santiago Bernabeu for numerous events of various activities.

Thanks to a long lasting relationship going back 13 years we trust in your products to protect the playing surface at the stadium for Real Madrid C.F.

We as a club own 2000m2 of the SUPA-TRAC model which we bought 10 years ago and is still in good condition and complies with all our needs.

Yours sincerely

Paul Burgess/Julio Almeda
